

**LIST OF PROHIBITED ITEMS
NCASP ANNEX-17 APPENDIX-1**

Item	Cabin Baggage	Hold Baggage
(1) Guns and firearms and components		
Rifled firearms of all calibers	NO	YES
Smoothbore shotguns and pump-rifles of all types	NO	YES
Replicas and imitation firearms capable of being mistaken for real weapons	NO	YES
Air guns (pressure and Co2), ball/bead/paint/pellet/blank/sportive etc. guns and their primers	NO	YES
Hidden and Camouflaged Guns and Handmade guns (lighter and pen guns, walking stick guns etc.)	NO	YES
Gun components including telescopic sights and sight units, magazines and shells	NO	YES
Flare guns, signal pistols, emergency guns and cartridges	NO	YES
(2) Guns and Objects with Pointed / Sharp Edges		
Axes and types of axes	NO	YES
Cleaver	NO	YES
Arrow /bow	NO	YES
Hook/Blade/Sword/Wedge/Flick knife	NO	YES
Bayonet/Catch/Dagger Ninja star - Throwing starAttacking Hunting Knives and Materials	NO	YES
Dart Spear Mountain climbing equipment (spike, hammer, axe, climbing sticks) Ski and batons Iceskate arrow-bow	NO	YES
Sewing needles etc. Injectors/hypodermic needles/Fish hooks	NO	YES
Cutlery sets/Pen Knives/Craft Knife/Knitting needles and skewers/Nail clipper, Rasp etc./Medical cutters (scalpel, lancet etc.)/Pocket knife, jackknife, multipurpose pocket knife/Ceramic knives Camouflaged/custom-made knives (Card, pen, belt knife, Spiked walking stick etc.) circular knife/Razors/Open Razors/ Diver's Knife/Ice crusher/axe/Corkscrew	NO	YES
Paper scissors/Wire cutters/Tailor's scissors/Chicken scissors/Hair scissors/Vegetable scissors pruning shears	NO	YES
Hammer/ chipping hatchet screwdriver/Drill/Battery powered screwdriver and drills and bits/Saw (wood saw, power saw, hacksaw, fretsaw etc.) /Measuring tape/Multi-purpose tool sets/crank/chisel/Repair tools (pliers, round pliers, flush cutter)/Pipe wrench/adjustable spanner/wrench sets/nail guns/bolt guns/ Any instruments with blades of more than 6 cm or shaft	NO	YES
(3) Blunt Instruments		
All types of sticks/batons (shock, electrical, police, telescopic etc.)/ Sports sticks (Golf, Cricket, Baseball, Hockey, Lacrosse, softball, Bats, billiard cue etc.)/Thick rope, rope, chain etc./Fishing gear and fishing rigs/Oars (Canoe etc.)/Handcuffs/Sports boards (skateboard/ski/surf board)/Catapult etc./Slingshot/Electro shockers etc./Any tranquilizer instruments (animal stunning and killing etc.)/Knuckles/Mace/Choking cord-chain/Nunchucks(chain stick)/Martial Art sticks	NO	YES
(4) Explosives and Explosive Mechanisms and Components		
Plastic explosives (C4 etc.)/A4/Semtex/Dynamite TNT/Liquid explosives/Explosive mechanisms/Replicas/imitations of explosives/Hand grenades and replicas/imitations of hand grenades/ammunition and munition smoke bombblast bomb etc./pyrotechnics/Explosive mechanism igniters (fuses and detonators etc.)/Power supplies of explosive mechanisms (battery etc.)/Timers of explosive mechanisms (clock etc.)	NO	NO
Fuses and detonators/Any type of explosives and explosive systems/fireworks/signal flares/Mines and military explosives/Hand grenades/small fireworks/High-risk inflammables and explosives/smoke emitters/NBCs (excluding the ones for medical purpose)	NO	NO
(5) Combustible and flammable liquids and gases		
Spray paints/spray adhesives/Thinner and turpentine etc./Gases and Gas cylinders (oxygen, propane gas, butane gas, acetolon)/Lighter fuels (Liquid-Gas)/Torch flaming lighters (blow torches), any unsafe matches (matches which can be lit on every surface)/Drinks and liquids with alcohol rate more than 70% (cologne etc.)/ Replicas/imitations of any combustible and flammable products	NO	YES
(6) Chemical Biological Nuclear (NBC) and Hazardous/Toxic Substances		
Acids and Liquid Batteries/Big solid batteries/Radioactive substances (except for the ones used in the healthcare services)/Dry Ice (more than 2 kg)/ Self-inflammable substances (to be mentioned)/Fire extinguishers/ Poison and Agrochemicals (pesticides, rat poison etc.) fly-killers insect killers (spray/solid)/ Substances including contagious and biological threat (contaminated blood, bacteria and viruses)/Chemical/biological agents (V.H.F.s causing high fever such as mustard gas, sarin, anthrax, variola, cyanide, tularemia, botulism, ebola, marburg)/ Disabling and incapacitating sprays (pepper gas, tear gas, CN and CS gases, dog repellent sprays, acid sprays etc.)/ Solvents, abrasives and removers (Chlorine, bleach, hydrochloric acid etc. irritants)/ Oxygen tubes (chemical oxygen generators, diver tubes, liquid oxygen tubes)/ Calorific instruments/Nitrogen cylinders	NO	YES
(7) PROHIBITIONS OF LIQUID/AEROSOL/GELS (greater than 100 ml and not placed in bags of 1 liter)		

Water, syrup, drinks etc./Perfumes, lotions, Contact lens liquids etc./Liquid medicine and baby food/Cream, oils (including cosmetic oils), any toiletry including mascara (except for the solid ones)/Shaving foam, shaving gel, hair etc. gel/Any substances in the form of paste including the toothpaste/Semi-solid food such as jam, honey, yoghurt, molasses and tomato sauce/Shampoo; hair cream etc./Aerosol and Sprays/Deodorants; Sprays (hair spray, etc.)/Other sprayed liquids (paint etc.)/Other substances similar to the ones listed above	NO	YES
(8) SMALL LITHIUM BATTERY POWERED ELECTRONIC DEVICES		
Based on the revised requirement, devices powered by small lithium batteries in checked baggage can stay turned on during the flight, provided their lithium metal battery's lithium content is less than 0.3 grams, or if its lithium ion battery's output is less than 2.7 Wh. For devices with lithium batteries that exceed the above limits, the obligation to turn them off in checked baggage remains.	NO	YES
(9) BATTERY / BATTERY AND BATTERY OPERATED DEVICES		
All batteries and accumulators, including lithium metal or lithium-ion batteries: Such electronic devices may only be carried in cabin baggage. Please note that the carriage of these items is subject to approval and can only be taken into the cabin; they cannot be carried in the cargo compartment in baggage.	YES	NO
Electronic cigarettes: Electronic cigarettes (including electronic cigars, electronic pipes, wind lighters and matches or other smoking devices). Precautions must be taken against unintentional activation of these devices.	YES	NO
Electronic devices powered by lithium batteries: The Wh-value of lithium ion batteries for portable (including medical) electronic devices may be more than 100Wh but not exceed 160 Wh. Only lithium metal batteries with a lithium content of more than 2g but not exceeding 8g for portable medical electronic devices can be carried on board, depending on their size or carrying handles. (Batteries over 160wh are not accepted on board.) For devices exceeding 100wh and 2g lithium weight, approval must be obtained from Tailwind Customer Service (customer@tailwind.com.tr). Leak-proof battery powered devices over 12V and 100wh and lithium battery powered devices over 160wh and 8g lithium weight are not accepted.	*A maximum of 15 battery-powered devices are accepted in checked baggage or hand baggage. Must be switched off, must not be left in standby mode. Must be protected against damage and must not be kept in the same place with flammable materials.	
Portable electronic devices (including medical devices) containing lithium metal or lithium ion or batteries: If watches, calculators, cameras, mobile phones, laptops, etc. are brought on board for personal use by passengers or cabin crew, lithium metal batteries must not exceed 2 g and lithium ion batteries must not exceed 100 Wh.	YES	YES
Replacement lithium batteries: Lithium ion batteries for portable (including medical) electronic devices with a Wh value exceeding 100 Wh but not exceeding 160 Wh. Lithium metal batteries with a lithium content of more than 2 g but not exceeding 8 g for portable medical electronic devices only. A maximum of two spare batteries may be carried in cabin baggage. Batteries and devices must not come into contact with each other to prevent short circuits. Please note that approved spare batteries may only be carried in the cabin.	YES	NO
(10) BATTERY POWERED WHEELCHAIRS AND VEHICLES		
Portable support devices: lithium-ion batteries (collapsible): Portable support devices: Cordless portable devices powered by a lithium-ion battery (collapsible). In this case, the lithium-ion battery must be removed and carried in the cabin. The batteries of such wheelchairs must not exceed 300 watt hours, or the battery of a device equipped with two batteries required for operation must not exceed 160 watt hours per battery. A maximum of one spare battery not exceeding 300 watt hours or two spare batteries not exceeding 160 watt hours each may be carried in the cabin.	YES	NO
Portable support devices (Non-flushing): Battery-powered wheelchairs or other similar portable devices powered by batteries which do not leak or which comply with Special Provision A123 or A199 of the IATA Dangerous Goods Regulations, provided that the batteries are protected against short circuits (e.g. placed in a battery container and securely attached to the wheelchair).	NO	YES
Flows portable support devices: Portable support devices: Wheelchairs and similar devices powered by batteries, flow batteries or lithium batteries may have the battery installed in the device, provided that they are always loaded, secured, secured and unloaded in an upright position. The battery terminals must be protected from short circuits, e.g. enclosed in a battery container, and the battery must be securely fastened to the wheelchair.	NO	YES
Personal battery-powered devices: For safety reasons, we cannot accept personal electrical devices such as electric skateboards, mini Segways and smart or self-balancing wheels on our flights.	NO	NO
(11) CHARGING		
Battery operated devices: Devices that charge devices such as laptops, cameras, mobile phones Batteries with sealed battery values not exceeding 12V and 100Wh / lithium battery values not exceeding 100wh and 2gr lithium weight	A maximum of 20 pieces can only be carried isolated in hand luggage.
